To
The Secretary to Government,
Law Department,
Bangalore

Sir

Programme of work of the Bangalore City Drainage Division for 1943-44

I have the honour to enclose herewith a statement shown the probable outlay of work up to end of June 1943 and the programme proposed for 1943-44, received from the Special Officer, Bangalore City Drainage Division

Four out of the six works in hand would be completed in 1943-44 and the remaining two or viz., (1) Sudmain No 8 and street sewers and (2) the Main Cvoid sewer would be completed in 1944-45

If the present situation is not improved even after June 1943, the work of the Main Cvoid sewer would have to be kept in abeyance and the Power Drainage pipe tension would have to be taken instead as it would require less current

A copy of letter No 2113 dated 15th April 1943 of the Special Officer together with a copy of statement showing grant and outlay on drainage works is also enclosed

I request you to be so good as to obtain and convey approval of Government to the programme of works proposed for the Bangalore City Drainage Division during 1943-44

I have the honour to be,
Sir,
Your most obedient servant,
Director of Public Health
